Carefully Cut Here 

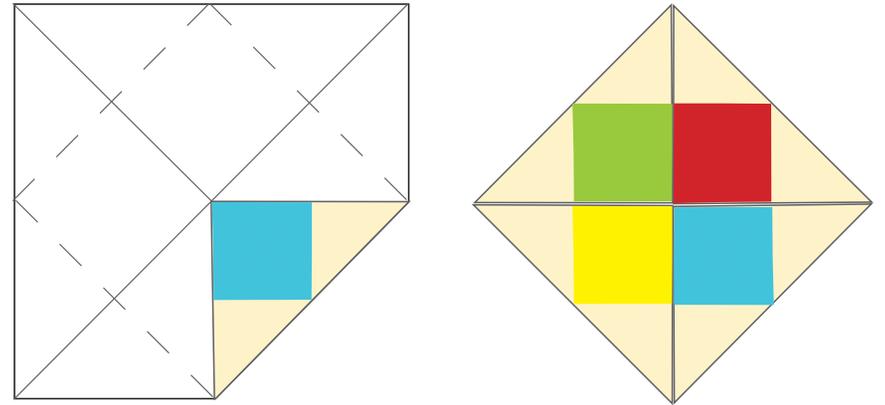

# STEP 1

With the white side up, fold the paper horizontally. Flatten the paper and fold vertically. Flatten again and fold the paper corner to corner in both directions.

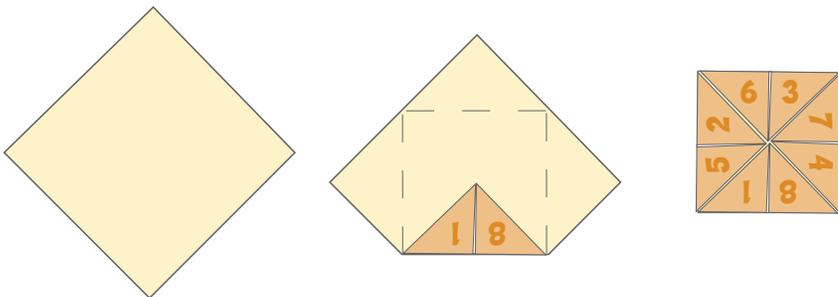

# STEP 2

Flatten paper again so white is facing up. Fold each corner so it touches the center of the paper. This will make a smaller square.

# STEP 3

Flip paper over to the side with no seams. Fold corners to center again.

# STEP 4

Flip back to the first side. Slide a finger underneath each of the colors and push the color tabs outward until the origami turns itself inside out.
