STEP 1

Fold the paper just above the vest, with the white side in.

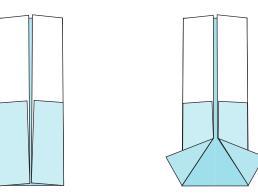

STEP 2

Point the first fold toward your body and flip the paper so the vest graphic is facing down. Fold the paper in half lengthwise. Unfold.

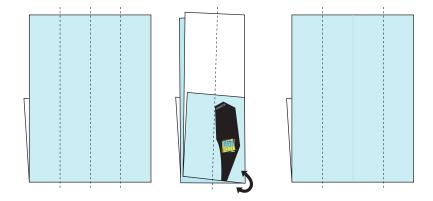

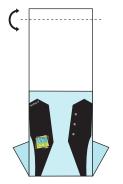

STEP 3

Use the fold you've just made as a guide to fold each edge into the middle. On the end facing you, fold each corner down. These are the sleeves.

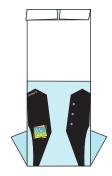

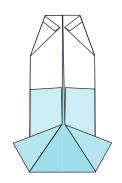

STEP 4

Flip the paper over so that the vest graphic is facing you but appears upside down. Make a 1/2 inch fold across the top portion of the paper.

STEP 5

Flip the paper over again so the vest graphic is facing down. Fold the top corners down to touch the center as shown. This is the shirt collar.

STEP 6

Fold in half where the white portion of the paper meets the blue. Tuck the collar over the shirt. Congrats! You have your very own biker vest and shirt!

When you're done, see how it fits on Butchy!
