

Disney SING IT PARTY HITS

GAME TIPS

Here are some fun game tips to help get your party started!

- Decide if you want to play in teams or solo. Then select **Party Play** for duet & competitive modes or jump right in with solo play by selecting **Sing It**.
- Check out the menu of songs/artists available so everyone can choose which songs to sing.
- If you are using teams, split up into teams of four and challenge each other to singing battles in **Sing-Off** mode.
- Play **Duet** mode and invite a friend to sing a duet with you and once you've practiced, try singing in showdown mode for a fun battle.
- Together as a group, pick your favorite song and play a round of **Pass the Mic**.
- Once you've finished your song, go to **Encore** mode and add a special effect to your voice, then play it back!

HAVE FUN!
