

Egg Holders

Celebrate the Never Dove Egg Hunt at home with these adorable egg holders!
Remember to hard-boil the eggs before placing them in the holders.

Things included:

Egg holder cutouts

Things you need:

Scissors

Tape

Egg(s)

Instructions for making the Egg Holders

- Step 1:** Cut out the egg holder along the solid black line.
- Step 2:** Make a loop by bringing the two ends together and putting one end on top of the other. Secure with tape.
- Step 3:** Gently place the larger end of the hard-boiled egg into the holder and display on your favorite flat surface! If your egg falls through the holder, simply make the loop smaller and reapply the tape.
