

## Sparkling Firefly Lights

Celebrate the End-of-Summer Sparkler on the mainland with this easy to assemble craft!

### Instructions

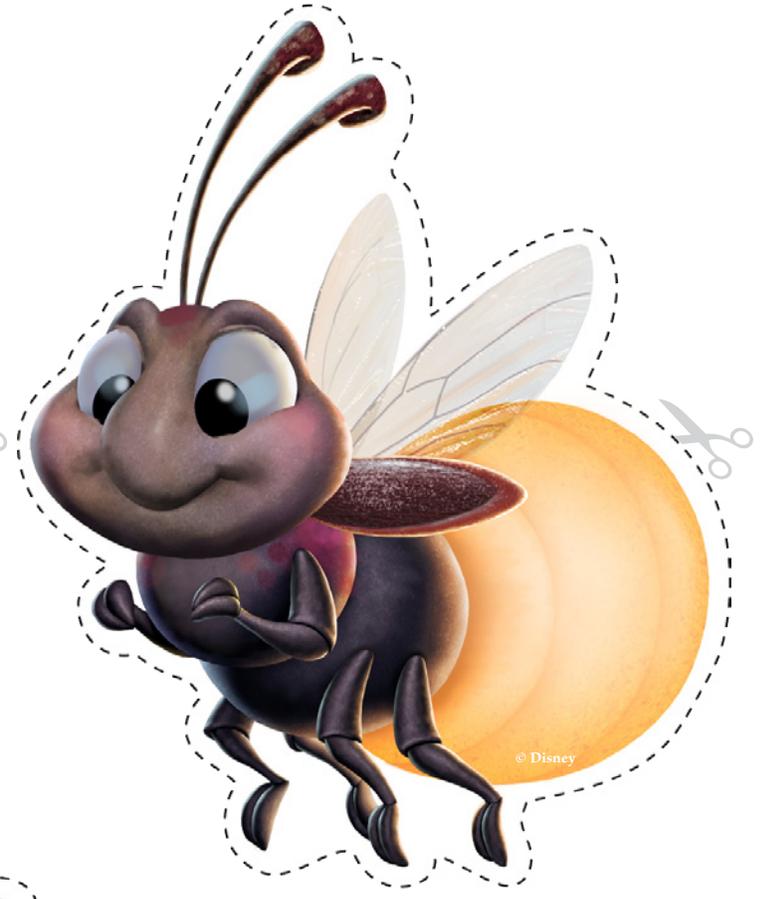

1. Cut a piece of string as long as you like!
2. Cut out the fireflies provided along the dotted lines.
3. Position the string in the middle of the back side of a firefly cutout and secure in place with tape.
4. Measure 4-6 inches and position another firefly on the string and secure with tape.
5. Continue placing and taping down fireflies until you've created a string of firefly lights. Print out more sets of fireflies if you have a long piece of string.
6. Display your Festive Firefly Lights in your favorite room or window!

Things you need: Scissors, string, ruler, and tape.

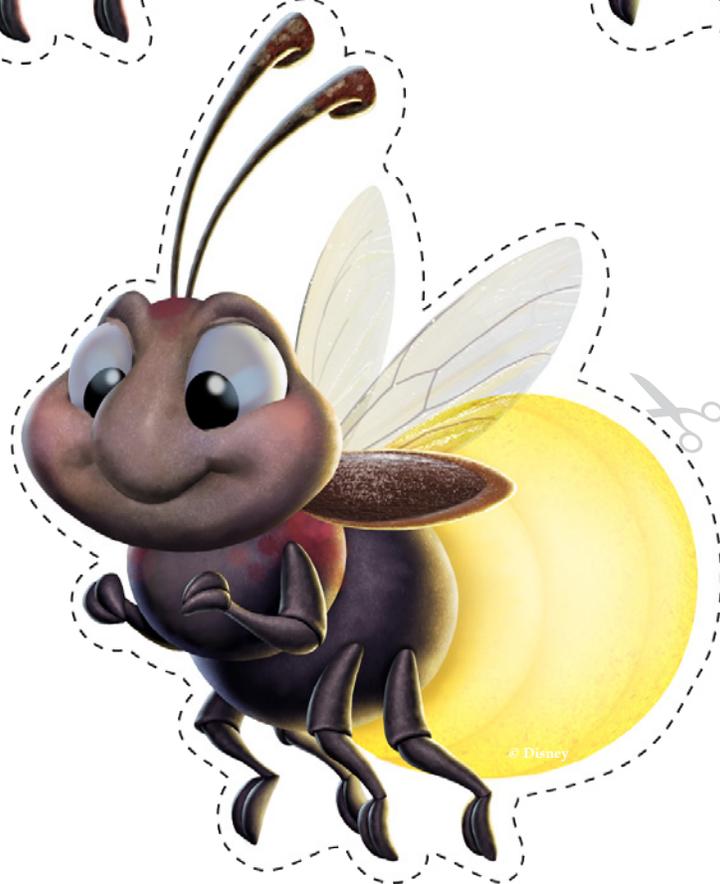

Kids, please ask a grown-up for help with your craft.
