## WHAT YOU'LL NEED

- Mickey and Minnie Ears Template
- Scissors
- Stiff black felt
- 2 black headbands
- Hot glue gun
- Polka-dotted ribbon

## HOW TO MAKE IT

- 1** Print and cut out the template. Then use it to cut two black felt earpieces for each headband.
- 2** Hot glue the center portion of one of the earpieces to the underside of a headband (about 1 1/2 inches left of the headband center). Then hot glue the rounded ends of the earpiece together, matching up all the edges. Attach the second earpiece in the same way, spacing it 3 inches from the first one.
- 3** To complete Minnie's headband, use the ribbon to tie a big bow around the band between the ears.
