

# SCOOTER SOCCER

- Place: Hard Surface Court
- Players Needed: 2 to 6
- Equipment: A kickball, two goals, scooters, knee pads and guards

## Directions

- There are two teams with at least 2 people on each team and everyone has to be on a scooter. There are 2 goals (one for each team) and there is a soccer ball. The object of the game is to get the ball into the other team's goal (much like soccer) but you must stay on your scooter at all times. To stop a team from getting a goal you can steal the ball using your feet and you can kick the ball too. You cannot use your hands (they have to stay on the handle bars) and only one foot can be off the scooter at a time. You can have a goalie if you want but you don't have to. You play till everyone gets tired and the team with the most points (1 point for every goal) wins!

**Safety Tip:** Always get your parents help or permission before attempting this move (you never know, they might want to join you!).
