

STRIPS

- Place: Outside
- Players Needed: 4 or more
- Equipment: Strips of paper

Directions

- There should be two teams of equal size. It is played like freeze tag. Each player has a strip of paper hanging out of his or her pocket. If someone on the other team gets your strip, you must freeze. If someone on your team gets an extra strip, they can give it to you and you are no longer frozen and back in the game. The strips must hang out of your pockets. The strips collected are held and nobody can take them. If the strips drop out of your pocket you can take a time-out to get them. The last person with a strip in his or her pocket wins.

Safety Tip: Always get your parents help or permission before attempting this move (you never know, they might want to join you!).
