

Bottom of diorama

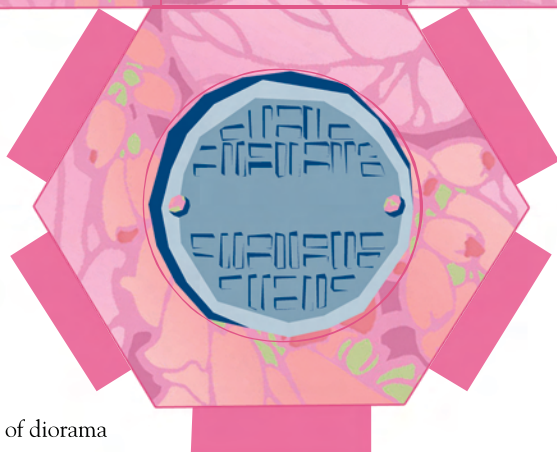

Cut out one of these images and insert in the bottom of the diorama

Side edges

Side edges

Top of diorama

Cut this circle out but leave attached in one spot.

This is what your finished diorama will look like.

Enchanted Nintendo DS™ Game Diorama

These dioramas are special windows into the world of *Enchanted*. Use them as wireless trading party favors for your guests or just for yourself. Follow these instructions:

- ❖ Cut out the image and fold along the lines. If you are not old enough to do this yourself, have an adult help you.
- ❖ Tape together the bottom and side edges first.
- ❖ Cut out the image you like and put the image inside the bottom of the diorama.
- ❖ Fold in the top of the diorama.
- ❖ Look through the hole in the diorama to see your *Enchanted* image.
