Wii™ Party Tips -Rapunzel Edition

Get Tangled in the hair-raising antics inspired by the film and host your very own Wii™ Party! You and your friends can continue Rapunzel's adventure and make it your own with "Disney Tangled: The Video Game." Use the Wii Remote™ and Nunchuk with the tips below to make your party a success.

- Play through the entire game before the party, so that all of the levels will be unlocked from the hub. It will make it possible to skip around to your favorite parts.
- Twirl the **Wii Remote™** to let Rapunzel's hair rejuvenate flowers, and press the **A Button** swing into action and help Flynn climb out of caverns.
- Collect enough sun drops in a level, so that Rapunzel's hair will continue to glow.
- Discover images for Rapunzel's journal and look for collectibles to add colors to your painting palette. You can also visit the Tower and paint your own mural.
- If you've already played the game once and want to get right to the action, use the **+** **Button** to skip the cinematics.
- To switch characters and play as Flynn, use the **Z Button**. In 2 Player Mode, both players need to press the swap button at the same time to allow/agree to swap.
- To have the most fun let up to 4 players join the game! Connect the additional controllers and press the **A Button**. The 3rd and 4th Players can help Rapunzel collect points, break objects and battle enemies.
- To help other players, guide them with the "Hold My Hand" feature by standing near their character and pressing **+Control Pad**.
- Make sure everyone gets a chance to play so that all your guests have fun!
