Beyond THE Page™

A New Video Series for
Grades K - 3

Award-winning children's
literature comes to life at
Shelley's "Beyond the Page Café,"
a multi-media kid's environment
where enthusiastic youngsters follow
their imaginations and experience
books from the inside out.

Each video in this 3-part series blends the animated pages of a popular
children's book with extensions that take you Beyond the Page.

First stop, the Internet, where Shelley has arranged for a "live" chat
featuring the author, illustrator, or both. Then it's over to the media
corner to explore the book's key themes and dive deeper into
cross-curricular topics like
social studies, the arts, and
careers through Shelley's
collection of field trips.

Each video includes a copy
of the book plus a
Teacher's Guide
