

Global Human Rights Movement Episode Pattern

GRAPHIC ORGANIZER

DIRECTIONS

Using a variety of resources, research a current conflict anywhere in the world that may involve violations of human rights. Use the episode pattern graphic organizer to help you take notes. You will then write a persuasive essay addressing The Big Question “Under what conditions, if any, does the international community have the right or the obligation to intervene in the domestic policies within other nations?” In your essay, describe the basic conflict, the causes of the conflict, the parties involved in the conflict, and the rights that are suspected of being violated. In addition, discuss whether the world has a responsibility to intervene, and if so, what types of pressure, sanctions, or other interventions might be appropriate. Incorporate information and ideas you have learned from the different conflicts viewed throughout the set of programs.
