

✿ Pixie Pencil Toppers ✿

Make a statement at school with these flutterific pencil toppers.

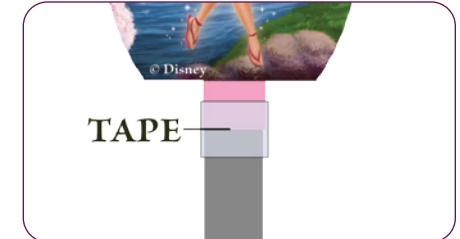

Things you need: scissors, pencil, glue, and tape.

Instructions

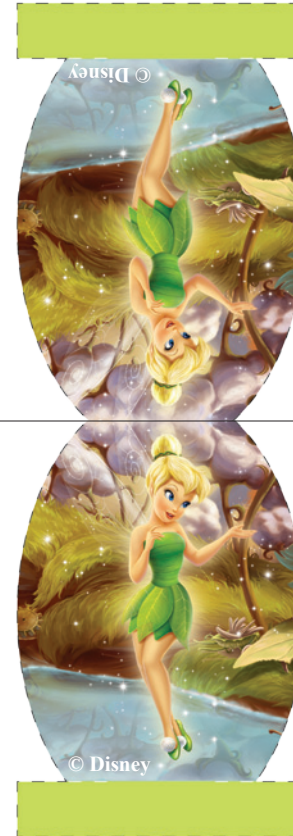

1. Print out all the pages of the Pixie Pencil Toppers. Fold the first page in half along the solid line away from you. Unfold the page and spread glue over one side of the page. Be sure to spread the glue over the blank side of the page. Refold the page and smooth out. Let the glue set for a few minutes.
2. Cut out all of the pencil toppers along the outer dashed line.
3. Once the Fairies are cut out, carefully cut along the dashed lines on each Fairy. There are two dashed lines on each side of the Fairy. Be sure not to cut beyond the lines, or you may separate your Fairy from its bottom part.
4. Take a pencil or pen and tightly wrap the bottom strip of the Fairy around the top of the pencil or pen, about a 1/2 inch from the top. Hold it firmly and tape the wrap to itself. To keep the topper from sliding down, wrap a piece of tape three or four times around the pencil or pen, just under the Fairy topper.

Kids, please ask a grown-up for help with your craft.
