

Leaf Fan

Beat the heat with this pixie perfect Leaf Fan.

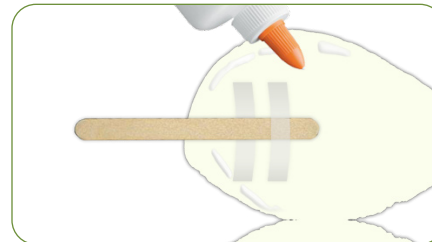

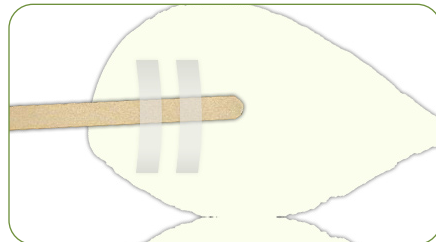

Things you need: Scissors, craft stick, glue, and tape.

Instructions

1. Fold page 2 in half using the center green line as a guide. Then use the black outline as a guide to cut out the leaf.
2. Glue or tape the craft stick to the back of one side of the leaf cutout.
3. Apply glue to the back of the leaf cutout.
4. Fold the leaf halves together by lining up the edges. Apply pressure to seal the halves together. Let the fan sit until the glue is dry, then use it to cool down on a hot summer day!
