## Recipe for Neverberry Punch

### Neverberry Punch

A true neverberry (grown only in Pixie Hollow) has the perfect tart to sweet ratio. Here's how to make something just like it on the mainland!

Makes 5 servings

#### MAINLAND INGREDIENTS

1 cup sugar  
1 cup of fresh lemon juice  
(4 large lemons)  
4 cups water  
4 large strawberries  
(or 6 small ones)  
A handful of raspberries  
A splash of cranberry juice  
Ice

© Disney

#### 1. JUICE AND STIR

Squeeze the juice of four large lemons into a cup or bowl.  
Pour juice over a mesh strainer into a pitcher to remove seeds and pulp.  
Add water and sugar to the pitcher and mix well.

#### 2. SLICE AND SPLASH

Cut the tops off the strawberries and slice to create rings.  
Add strawberry slices and whole raspberries to the pitcher.  
Pour in a splash of cranberry juice, stir and chill for 20 minutes.

#### 3. FAIRY TASTING

Only residents of Pixie Hollow know the true taste of a neverberry. Have your Fairy taste the punch and determine whether it is sweet and tart enough.  
To make the punch more tart, add extra lemon.  
For a sweeter mix, add more sugar. Once you have your Fairy's approval, serve the punch over ice.

## Recipe for Fairy Toast

### Fairy Toast

Fairies smell like cinnamon to humans, so this is the perfect sweet treat to share with your little pixie!

**MAINLAND INGREDIENTS**

- 1/8 teaspoon cinnamon
- 1/8 teaspoon light brown sugar
- 1 teaspoon sugar
- 2 slices of white bread
- 2 teaspoons butter or margarine, softened
- 2 strawberries
- 4 blueberries

© Disney

- 1. PREPARE FAIRY TOPPING**  
In a small bowl, add the cinnamon and both kinds of sugar. Stir them together with a spoon until all three ingredients are blended well.
- 2. TOAST AND SPRINKLE**  
Toast bread lightly and spread butter or margarine on top. Take a spoonful of the Fairy topping and gently tap the side of the spoon over the top of your toast to sprinkle the mixture evenly.
- 3. DECORATE AND DUST**  
Cut toast diagonally in half. Flip the halves so the crusts are touching and the cut edges are facing outward. Your toast should now look like a pair of Fairy wings! Slice blueberries and strawberries, and decorate the wings as you wish (your child can help with this part). Lightly dust the plate with cinnamon and enjoy!
